

ST. MICHAEL SCHOOL
THE PRINCIPAL'S NOTES
MAY 29, 2008

If you have a student in grade three, five or seven you will receive his or her Terra Nova results. Standardized tests give you a good snapshot of your child's academic progress. Please feel free to call the teacher or me if you have any questions about your child's results.

As you are planning vacations, etc. next year, please remember that we will be administering the Terra Nova tests the week of March 2nd, 2009 to all students in grades three through seven. It is very important that your child takes these tests. The tests give us and the future high schools a very good idea of how a child tests.

Tuition and Extended Day

It is so busy around here that honestly this will be a very short letter today. We are planning many exciting programs for next year. I am so pleased with the changes that will take place in many areas of the curricula.

As the year ends please allow us to close our tuition and extended day books. The last day for Extended Day will be June 10th. If you still owe payments in either of these areas, please note that we cannot give report cards if payments are not complete. Feel free to call Father Hack if you have any questions and/or concerns.

Hot Lunch Credits

Refunds for the Hot Lunch Program will be sent home the week of June 2nd.

Transportation Reimbursement

Requests for transportation reimbursement must be turned in by Friday, June 6, 2008.

IMPORTANT REMINDER: Please remember that the last time busses will run will be the morning of Monday, June 9th. Students will have to be picked up Monday after school. There will be NO BUS SERVICE on Tuesday, June 10th, or Wednesday, June 11th. Dismissal on Wednesday will be immediately following Liturgy at approximately 10:30.
