

ATTENTION ALL VOLUNTEERS, COACHES, ASSISTANT COACHES!!!!

Many of you feel that you are in compliance with the Protecting God's Children requirements...and you are not.

At the time you registered for Virtus, you should have completed an eApps Background Screening through the Archdiocese. The majority of our volunteers have not completed this portion of Virtus. Without this background screening completed, you will not be able to volunteer.

To complete the eApps Background Screening, go to www.archchicago.org select Protecting children select Background Screening. You will need to create a user id and password, and then login with it. They will ask you for an access code, it is the word protection. This application takes 15 minutes to complete...**if you did not spend 15 minutes online with the Archdiocese, you probably have not completed this screening.**

Everyone must complete a Code of Conduct and CANTS form every school year as part of the requirements.

You must read your Virtus Bulletins (continuing education on Virtus) in order to keep your Virtus account current.

All of these things must be completed in order for you to be in compliance with the archdiocese under the Protecting God's Children Program and for you to be able to volunteer! There are no exceptions.

Contact Susan O'Connell, Virtus Site Administrator for St. Michael Parish, at soconnell@saintmike.com with any questions regarding Virtus.
